Bayfield County Impervious Surface Calculations

These calculations are **REQUIRED** per WI Admin Code NR 115.05(1)(e) and Section 13-1-32(g) and 13-1-40(h) of the Bayfield County Code of Ordinances. The undersigned hereby makes application for construction, reconstruction, expansion, replacement or relocation of any impervious surface within 300 feet of the ordinary high water mark and agrees that all activities shall be in accordance with the requirements of the Bayfield County Code of Ordinances and all other applicable ordinances and the laws of the State of Wisconsin.

Pursuant to Chapter 1, Title 13, Section 13-1-106(d) of the Bayfield County Zoning Ordinance(s), Planning and Zoning Department employees assigned to inspect properties shall have access to said properties to make inspections.

Impervious Surface: An area that releases as runoff all or a majority of the precipitation that falls on it. "Impervious surface" excludes frozen soil but includes rooftops, sidewalks, driveways, parking lots and streets unless specifically designed, constructed and maintained to be pervious.

Calculation of Impervious Surface: Percentage of impervious surface shall be calculated by dividing the surface area of existing and proposed impervious surfaces on the portion of a lot or parcel that is within 300 feet of the ordinary high water mark by the total surface area of the lot or parcel, multiplied by 100.

Impervious Surface Standard: Allow up to 15% impervious surface but not more than 30% impervious surface on the portion of a lot or parcel that is within 300 feet of the ordinary high water mark. A permit can be issued for development that exceeds 15% impervious surface but not more than 30% impervious surfaces with a mitigation plan that meets the requirements of the Bayfield County Ordinance(s).

Existing Impervious Surfaces: For existing impervious surfaces that were lawfully placed when constructed but that do not comply with the standards in Section(s) 13-1-32(g) and Section 13-1-40(h), the property owner may do any of the following:

- a. Maintenance and repair of all impervious surfaces:
- b. Replacement of existing impervious surfaces with similar surfaces within the existing building footprint;
- c. Relocation or modification of existing impervious surfaces with similar or different impervious surfaces, provided that the relocation or modification does not result in an increase in the percentage that existed on the effective date of the county shoreland ordinance, and meets the applicable setback requirements in Section 13-1-32.

Prior to the placement or construction of a structure within ten (10) feet of the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner or marked by a licensed surveyor at the owner's expense.

Prior to the placement or construction of a structure more than ten (10) feet but less than thirty (30) feet from the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner, or verifiable by the Department by use of a corrected compass from a known corner within 500 feet of the proposed site of the structure, or must be marked by a licensed surveyor at the owner's expense.

(9) Stake or Mark Proposed Location(s) of New Construction, Septic Tank (ST), Drain field (DF), Holding Tank (HT), Privy (P), and Well (W).

NOTICE(s):

All Land Use Permits Expire One (1) Year from the Date of Issuance if Construction or Use has not begun.

For the Construction of New One & Two Family Dwelling: ALL Municipalities Are Required To Enforce The Uniform Dwelling Code.

The local Town, Village, City, State or Federal agencies may also require permits.

If subject property is part of a Condominium Plat, applicant hereby certifies and represents that applicant has all necessary approvals and recorded documents required to complete the project for which this permit is sought including requirements set forth in Wisconsin statutes pertaining to condominium associations, the Declaration of the Condominium Association in which the property is located, and all other rules, regulations and requirements pertaining to that Condominium Association.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resource service center (715) 685-2900.

Bayfield County Impervious Surface Calculations

Bayfield Co.
Planning and Zoning Agency

These calculations are **REQUIRED** per WI Admin Code NR 115.05(1)(e) and Section 13-1-32(g) and 13-1-40(h) of the Bayfield County Code of Ordinances. The undersigned hereby makes application for construction, reconstruction, expansion, replacement or relocation of any impervious surface within 300 feet of the ordinary high water mark and agrees that all activities shall be in accordance with the requirements of the Bayfield County Code of Ordinances and all other applicable ordinances and the laws of the State of Wisconsin.

Pursuant to Chapter 1, Title 13, Section 13-1-106(d) of the Bayfield County Zoning Ordinance(s), Planning and Zoning Department employees assigned to inspect properties shall have access to said properties to make inspections.

Impervious Surface: An area that releases as runoff all or a majority of the precipitation that falls on it. "Impervious surface" excludes frozen soil but includes rooftops, sidewalks, driveways, parking lots and streets unless specifically designed, constructed and maintained to be pervious.

Calculation of Impervious Surface: Percentage of impervious surface shall be calculated by dividing the surface area of existing and proposed impervious surfaces on the portion of a lot or parcel that is within 300 feet of the ordinary high water mark by the total surface area of the lot or parcel, multiplied by 100.

Impervious Surface Standard: Allow up to 15% impervious surface but not more than 30% impervious surface on the portion of a lot or parcel that is within 300 feet of the ordinary high water mark. A permit can be issued for development that exceeds 15% impervious surface but not more than 30% impervious surfaces with a mitigation plan that meets the requirements of the Bayfield County Ordinance(s).

Existing Impervious Surfaces: For existing impervious surfaces that were lawfully placed when constructed but that do not comply with the standards in Section(s) 13-1-32(g) and Section 13-1-40(h), the property owner may do any of the following:

- a. Maintenance and repair of all impervious surfaces:
- b. Replacement of existing impervious surfaces with similar surfaces within the existing building footprint;
- c. Relocation or modification of existing impervious surfaces with similar or different impervious surfaces, provided that the relocation or modification does not result in an increase in the percentage that existed on the effective date of the county shoreland ordinance, and meets the applicable setback requirements in Section 13-1-32.

Zoning Consulting/Real Estate Services LLC Disclosure

- 1. I (we) acknowledge that North Star Realtors and John Podlesny, (John Podlesny owner of North Star Realtors), have no interest in Zoning Consulting/Real Estate Services LLC as Zoning Consulting/Real Estate Services LLC and Mike Furtak, owner of Zoning Consulting/Real Estate Services LLC are completely independent of North Star Realtors for this zoning application transaction.
- 2. Mike Furtak is a licensed Realtor in Wisconsin working as a sales associate for North Star Realtors.
- 3. I (we) grant permission to Mike Furtak and all vendors whose services are required to obtain the desired zoning permits access to the subject property/properties.
- 4. I (we) authorize Mike Furtak of Zoning Consulting/Real Estate Services LLC to act as our agent to represent our interests during the application process to obtain the required zoning permit(s).
- 5. I (we) acknowledge that we are responsible for all costs of services provided by vendors and/or other entities to obtain the required permit(s).
- 6. I(we) hereby understand that by contracting Mike Furtak and Zoning Consulting/Real Estate
 Services LLC there is **NO GUARANTEE** the desired permit(s) will be approved by the issuing CEIVED authorities. Additionally there is no guarantee to the timeframe for the issuance of permits.
- 7. It is the responsibility of the property owner/contractor/plumber to obtain a Uniform Dwelling Code (UDC) or sanitary permit if required.
- 8. Mike Furtak and Zoning Consulting /Real Estate Services LLC are only responsible to attempt to gain issuance of the necessary Land Use permit as agreed to. Mike Furtak and Zoning Consulting/Real Estate Services LLC will not act as a general contractor or project manager.

The undersigned parties have read and understand the above terms of this disclosure and agree to abide by all terms.

BAYFIELD COUNTY PERMIT

WEATHERIZE AND POST THIS PERMIT ON THE PREMISES DURING CONSTUCTION

21-0356 **Cory Buttke** Issued To: No. W 1/2 of S238' Location: SW ¼ of NW ¼ 27 45 Barnes Section Township Range 9 W. Town of CSM# Subdivision Gov't Lot Lot Block

For: Residential Accy: [1-Story; Relocation of Shed (10' x 20') = 200 sq. ft.] Height of 12'

(Disclaimer): Any future expansions or development would require additional permitting.

Condition(s): Build as Proposed. Not for Human Habitation or Sleeping Purposes. If pressurized water enters structure a sanitary permit is required.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.

NOTE: This permit expires one year from date of issuance if the authorized construction work or work or land use has not begun.

Changes in plans or specifications shall not be made without obtaining approval. This permit may be void or revoked if any of the application information is found to have been misrepresented, erroneous, or incomplete.

This permit may be void or revoked if any performance conditions are not completed

The Northwest Quarter of the Northwest Quarter (NW4NW4), Section 6, Township 43 North, Range 9 West, located in the Town of Barnes, Bayfield County, Wisconsin,

EXCEPT the North Half of the North Half of the Northwest Quarter of the Northwest

Quarter

Grantor responsibilities: Grantors are responsible for paying the proper fee amount—verify the total property value, fee amount and fee exemption before sending this receipt to the county Register of Deeds.

Grantee responsibilities: Grantees assert that this property is not a primary residence.

Preparer

Spears, Carlson & Coleman SC, 715-373-2628, bonni@washburnlawyers.com

Grantor agent

Errol Phillips, Executor, 608-798-1360

Grantee agent

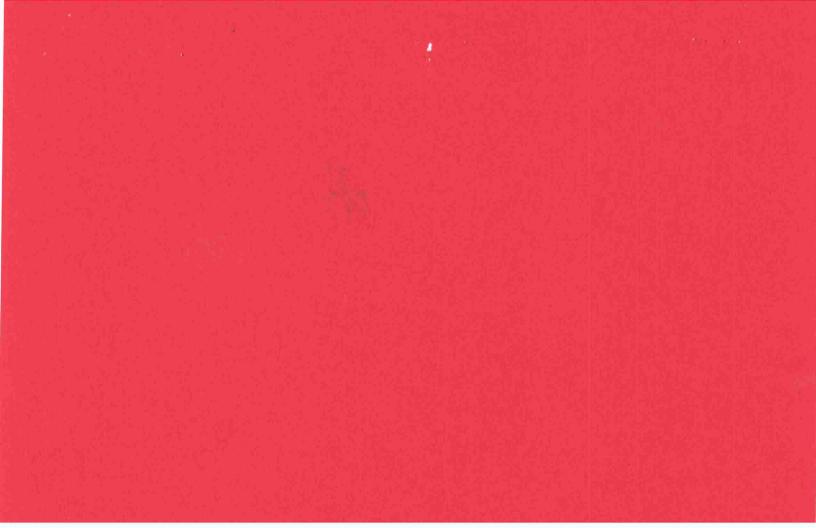

file Form 1NPR to report the sale.

If you have questions on the Real Estate Transfer Return (RETR), visit the Wisconsin Department of Revenue's Real Estate Transfer Fee web page at: revenue.wi.gov/retr/index.html, or contact your County Register of Deeds. To locate your Register of Deeds, visit: wrdaonline.org. Information on a real estate transfer return is used to administer various Wisconsin laws, including: income tax, real estate transfers, rental unit energy efficiency, lottery tax credit, and general property tax. Whether you are a resident, part-year resident, or non-resident, you must report the transfer of Wisconsin real estate in a taxable transaction on your Wisconsin Income tax return. If you are a non-resident, you must

Penalties imposed under the following Wisconsin Statutes or Administrative Code:

Using an Improper exemption - sec. 77.26(8), Wis. Stats.; falsifying the property value - sec. 77.27, Wis. Stats.; improperly claiming lottery and gaming credit as primary residence - chapter tax 20.12, Wis. Adm. Code. Weatherization program under sec. 101.122, Wis. Stats., no longer exists.

Prior to the placement or construction of a structure within ten (10) fee	et of the minimum required	d sethack t	he he	oundary line from which the setback must be measured must be visible from or	a praviously survey	ed corner to the

other previously surveyed corner or marked by a licensed surveyor at the owner's expense.

Prior to the placement or construction of a structure more than ten (10) feet but less than thirty (30) feet from the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner, or verifiable by the Department by use of a corrected compass from a known corner within 500 feet of the proposed site of the structure, or must be marked by a licensed surveyor at the owner's expense

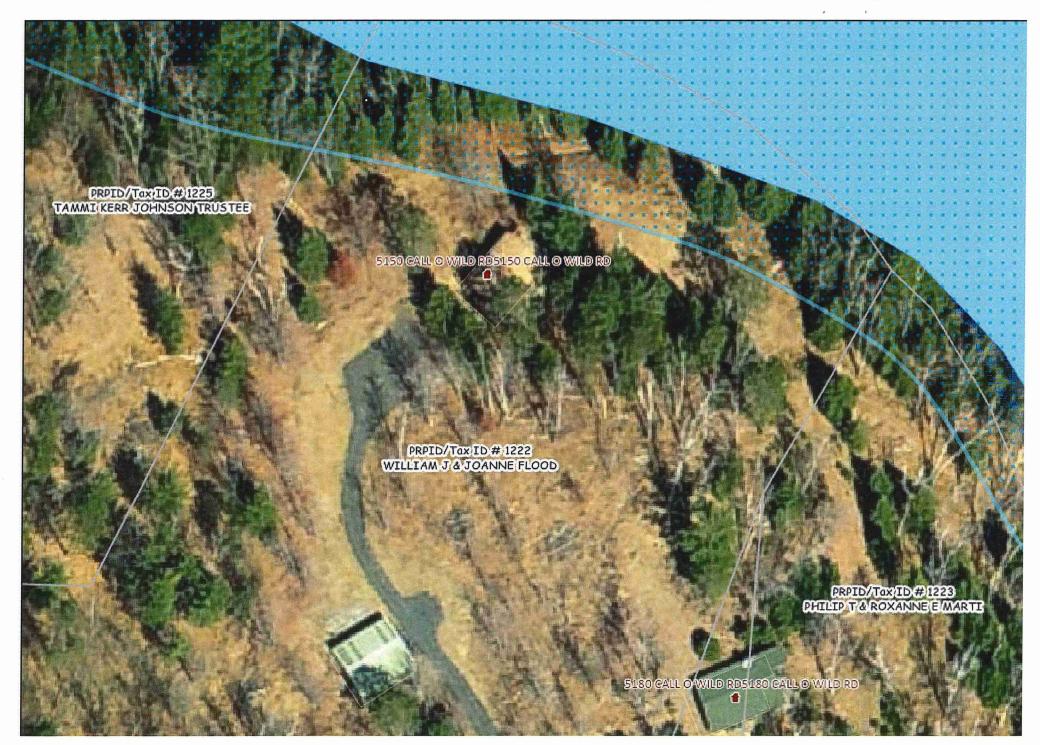

(9) Stake or Mark Proposed Location(s) of New Construction, Septic Tank (ST), Drain field (DF), Holding Tank (HT), Privy (P), and Well (W).

NOTICE: All Land Use Permits Expire One (1) Year from the Date of Issuance if Construction or Use has not begun. For the Construction Of New One & Two Family Dwelling: <u>ALL</u> Municipalities Are Required To Enforce The Uniform Dwelling Code.
The local Town, Village, City, State or Federal agencies may also require permits.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.

BAYFIELD COUNTY PERMIT

WEATHERIZE AND POST THIS PERMIT ON THE PREMISES DURING CONSTUCTION

No.	21-0	355		ls	suec	To: Wi	William and Joanne Flood									
Par in Location:	SW	1/4	of	NW	1/4	Section	2	Township	44	N.	Range	9	W.	Town of	Barnes	
Gov't Lot			L	.ot		Blo	ck	Sul	odivisio	on				CSM#		

For: Residential Addition: [1-Story; Deck (12' x 16') = 192 sq. ft.] Height of 18"

(Disclaimer): Any future expansions or development would require additional permitting.

Condition(s): Build as Proposed. Get UDC Inspections (if required)

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.

NOTE: This permit expires one year from date of issuance if the authorized construction work or work or land use has not begun.

Changes in plans or specifications shall not be made without obtaining approval. This permit may be void or revoked if any of the application information is found to have been misrepresented, erroneous, or incomplete.

This permit may be void or revoked if any performance conditions are not completed

or if any prohibitory conditions are violated.

Setback to Privy (Portable, Composting)	-	Feet				

Prior to the placement or construction of a structure within ten (10) feet of the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner or marked by a licensed surveyor at the owner's expense.

Prior to the placement or construction of a structure more than ten (10) feet but less than thirty (30) feet from the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner, or verifiable by the Department by use of a corrected compass from a known corner within 500 feet of the proposed site of the structure, or must be marked by a licensed surveyor at the owner's expense.

(9) Stake or Mark Proposed Location(s) of New Construction, Septic Tank (ST), Drain field (DF), Holding Tank (HT), Privy (P), and Well (W).

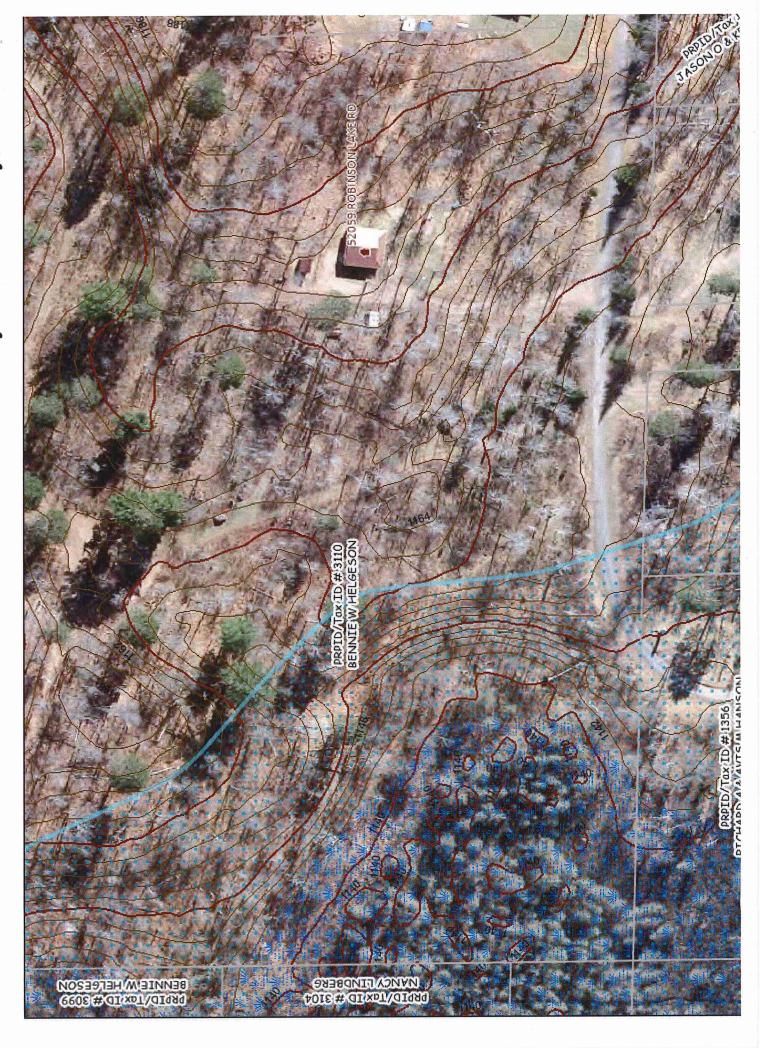

NOTICE: All Land Use Permits Expire One (1) Year from the Date of Issuance if Construction or Use has not begun.

For the Construction Of New One & Two Family Dwelling: ALL Municipalities Are Required To Enforce The Uniform Dwelling Code.

The local Town, Village, City, State or Federal agencies may also require permits.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.

For: Residential Accy: [1-Story]; Garage (50' x 40') = 2000 sq. ft. Height of 16'

(Disclaimer): Any future expansions or development would require additional permitting.

Condition(s): Build as proposed. Maintain all setbacks. Not for Human Habitation or Sleeping Purposes. If H2O enters structure sanitary permits are required.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.

NOTE: This permit expires one year from date of issuance if the authorized construction work or work or land use has not begun.

Changes in plans or specifications shall not be made without obtaining approval. This permit may be void or revoked if any of the application information is found to have been misrepresented, erroneous, or incomplete.

This permit may be void or revoked if any performance conditions are not completed

or if any prohibitory conditions are violated.

			C.	
Setback to Septic Tank or Holding Tank	Feet		Setback to Well	Feet
Setback to Drain Field	Feet		.A	
Setback to Privy (Portable, Composting)	Feet			

Prior to the placement or construction of a structure within ten (10) feet of the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner or marked by a licensed surveyor at the owner's expense.

Prior to the placement or construction of a structure more than ten (10) feet but less than thirty (30) feet from the minimum required setback, the boundary line from which the setback must be measured must be visible fro one previously surveyed corner to the other previously surveyed corner, or verifiable by the Department by use of a corrected compass from a known corner within 500 feet of the proposed site of the structure, or must be marked by a licensed surveyor at the owner's expense.

(9) Stake or Mark Proposed Location(s) of New Construction, Septic Tank (ST), Drain field (DF), Holding Tank (HT), Privy (P), and Well (W).

NOTICE(s):

All Land Use Permits Expire One (1) Year from the Date of Issuance if Construction or Use has not begun.

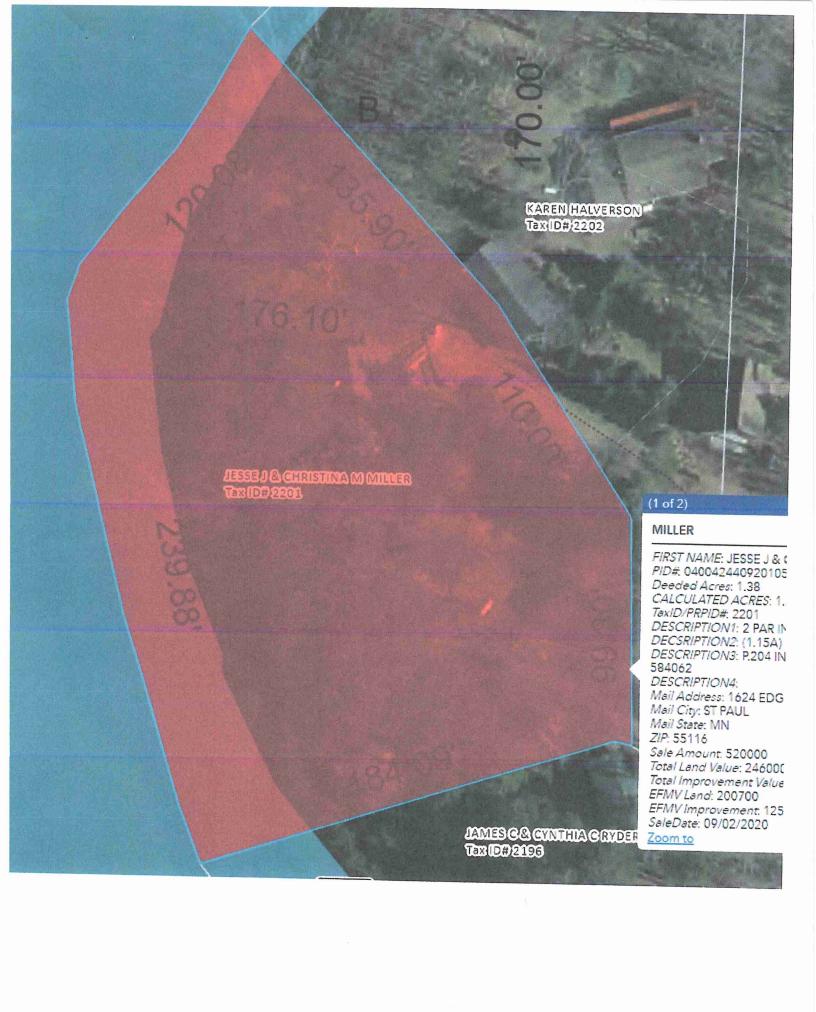

For the Construction of New One & Two Family Dwelling: ALL Municipalities Are Required To Enforce The Uniform Dwelling Code.

The local Town, Village, City, State or Federal agencies may also require permits.

If subject property is part of a Condominium Plat, applicant hereby certifies and represents that applicant has all necessary approvals and recorded documents required to complete the project for which this permit is sought including requirements set forth in Wisconsin statutes pertaining to condominium associations, the Declaration of the Condominium Association in which the property is located, and all other rules, regulations and requirements pertaining to that Condominium Association.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resource service center (715) 685-2900.

JESSE J & CHRISTINA M MILLER 1624 EDGECUMBE RD ST PAUL MN 55116

Notice of Violation & Order to Correct

RE: Property described as: 2 PAR IN LOT 2 V.223 P.190 (1.15A) & LOT A OF CSM V.5 P.204 IN DOC 2020R-584062, SECTION 20 TOWNSHIP 44N RANGE 9W TOWN OF BARNES, Bayfield County Wisconsin (Tax ID 2201) (Fire # 48665 Stone Rd).

Dear, Jesse & Christina Miller and to whom it may concern;

This letter constitutes a **Notice of Violation & Order to Correct** under Section 13-1-106(h), 13-1-21(b)(1) & 13-1-62 of the Bayfield County Code of Ordinances.

As you are aware, it has come to the attention of the Bayfield County Planning and Zoning Department that upon your above referenced property has been placed what appears to be retaining walls and patios. Our records do not find any permits associated with this structure for the property. There are questions as to the legality of the activity within the 75 foot structure setback to the lake and may need to be removed. At a minimum, all activity closer to 35 feet to the water needs to be removed and revegetated, with a Land Use Permit for an Open Sided Structure in a Shoreland, and a Class-A filling and Grading permit will be required for the activity to remain. Because you started this activity prior to receiving permits all fees associated with this activity are doubled. Applications including one for a potential stairway have been sent to your contractor.

The above issues need to be addressed with their corrective action or applications to address them with our office by **July 5, 2021**. Should you choose not to comply with this request &/or continue construction/use without zoning approvals, you may be subject to further penalties and/or enforcement action(s) such as a citation, or a summons and complaint may be filed with the Clerk of Courts which may result in daily fines imposed by the court of up to \$500.00 per day. Please note, the department would rather not have to take such actions.

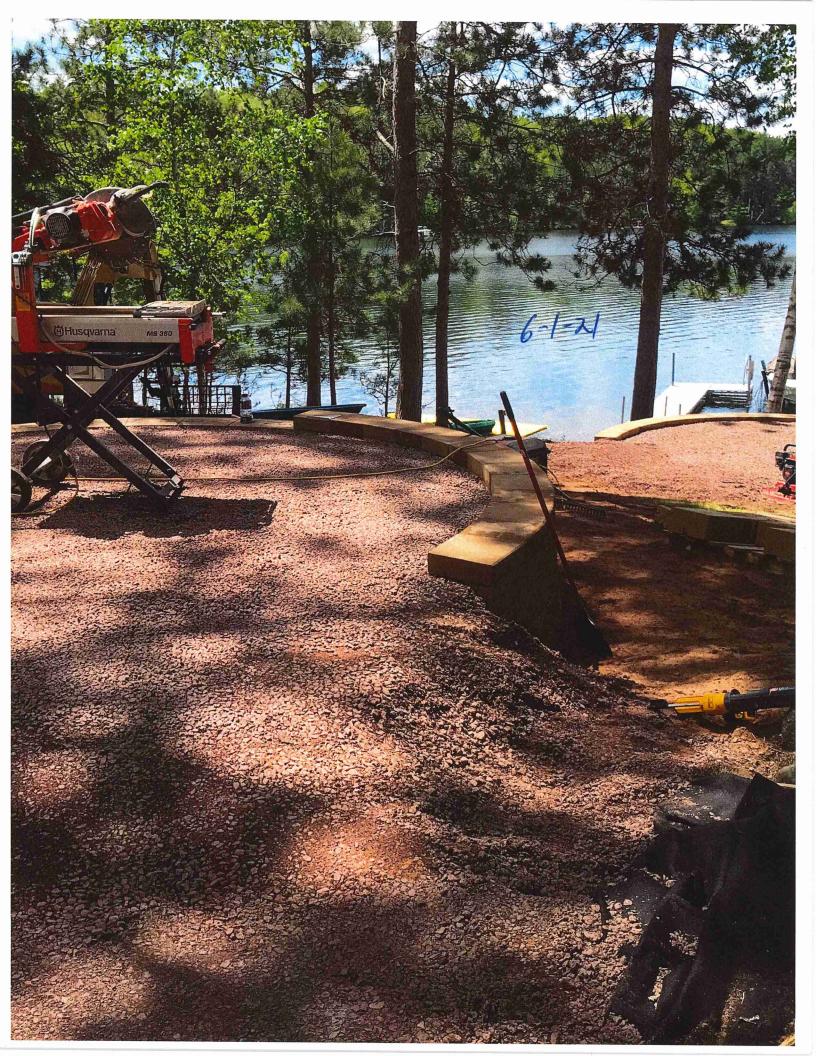

If you have any questions, need to clarify any false assumptions or misinformation, or require additional information regarding this matter, please feel free to contact me at (715) 373-6138 or at tracy.pooler@bayfieldcounty.wi.gov. I thank you for your cooperation in this matter.

Sincerely,

Tracy Pooler

RE: Project Parcel 004212710/Miller

Christina and Jessie Miller, 48665 Stone Road Barnes WI 54873. Tax ID 2201, Parcel ID 004112710, S20-44N-09W Town of Barnes.

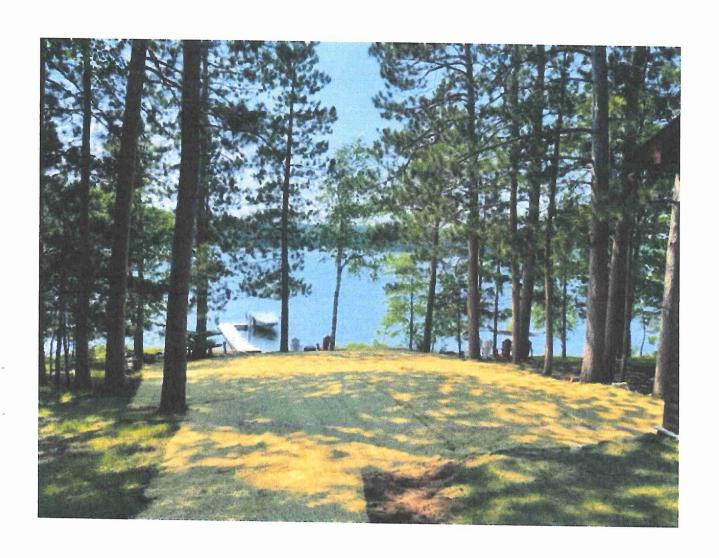

We removed all block and cap from (2) 1/2 circle retaining walls. Also removed 8 yards of 3/4 clean basing rock. We left appx 2 yards at each spot, covered with 4" of top soil, seeded and fertilizer with Pro Deer Creek Sandy Soil Mix(45% Turf Type Tall Fescue, 20% Kentucky Bluegrass, 20% Creeping Red Fescue, 15% Perennial Ryegrass), and 19-19-19 fertilizer.

If grass doesn't grow we will repair or replace it up to standards in those 1/2 circle areas.

RE: Tree maintenance in Bayfield County

From: Jesse Miller <mill1628@gmail.com> Sent: Sunday, August 8, 2021 1:59 PM

To: Tracy Pooler <tracy.pooler@bayfieldcounty.wi.gov>

Subject: Tree maintenance in Bayfield County

Tracy,

I have a property in Bayfield county at 48665 Stone Road in Barnes Wisconsin. I have a few clarifications regarding tree maintenance. I have familiarized myself with Bayfield County and the state of Wisconsin zoning codes and my understanding is the following:

I have-350 feel of shoreline, which entitles me to (35 feet x 3) 105 feet of "viewing corridor" where I can remove small trees and trim existing mature trees within the 40 feet of protected area from the shoreline. This will be an extension of the current natural viewing corridor that exists in front of my cabin.

All trees beyond the 40 feet from the high water are not protected by any local or state code.

Other questions I have include:

Are dead trees, stumps or foliage able to be removed within the protected area (outside the viewing corridor)? NO

Are there any particular rules for planting new trees and shrubs within the 40 feet of protected shoreline? NO, except that the goal is a naturalized condition. No cutting, mowing, raking etc. is to be occurring in the protection area

Are there any other particular permits I need before doing anything to any vegetation on my property? I would focus on restoring your violation back to its original condition and get it planted before the growing season ends.

Thank you, and have a great day. Feel free to call me to discuss further.

Jesse Miller 651-485-7668 40 y 26

AFFIDAVIT RECITING TERMS AND CONDITIONS OF USE OF PROPERTY

Property Owner(s): PATRICIA A OLSON Carol Kulpa / Jean Steitz BAYFIELD COUNTY, WE **Property Address:** REGISTER OF DEELS 48665 Stone Rd. 2003R-487126 Barnes WI 54873 Legal Description: U1/04/1993 (0:00 AM Govt Lot 2 and Lot A of CSM #776 RECORDING FZR Section 20, Township 44 North, Range 9 West 13,60 City, Village, or Town of: **Barnes** Paces 2 Parcel ID Tax Number: 004 1127 10 After recording, please return to **Bayfield County Zoning**

Based upon the Zoning Ordinance and the decision of the Bayfield County Zoning Department, the owner(s) of the above property have exercised their right for <u>a 494 sq. ft. residential addition</u>. Any future structural alterations shall require a land use permit, and the mitigation requirements listed below shall apply.

This use of the property is subject to the following terms and conditions:

No further expansion of structure's footprint in the future.

Total enclosed dwelling space must not exceed 2500 sq. ft. with second story.

Mitigation Plan based upon the following mandatory measures shall remain in effect. (Designed to meet the requirements of Section 13-1-40 of the Bayfield County Zoning Ordinance.)

- 1. Maintenance of the existing vegetation from the Ordinary High Water Mark (OHWM) of Middle Eau Claire Lake inland for a distance of 40 feet. 2 points
- 2. No other non-conforming structures in the Shoreland Setback Area. 1 point
- 3. Use of building materials and treatments that are inconspicuous and blend with the natural setting of the site. $-\frac{1}{2}$ point
- 4. Compliance with the Shoreland Exterior Lighting requirements. $-\frac{1}{2}$ point

By signing this affidavit the owner(s) hereby agree that said permit inures to the benefit of, and said terms and conditions are binding upon, the owner(s) and all successors and assigns of the owner(s) interest in the property. This affidavit is made for the purpose of making the foregoing a matter of public record in the office of the Bayfield County Register of Deeds. Any violation(s) of the above provisions will result in enforcement actions.

Each undersigned owner(s) of the above-described property agrees that a condition of being issued a land use permit for the construction of such a land use thereon, the owner shall cause all the above requirements to be met.

November 1, 2005

Carol Kulpa, Jean Steitz 4272 Chanwil Ave Memphis, TN 38117

Dear Carol and Jean,

On October 27, 2005 I visited your property to check on the mitigation practices required by land use permit #03-0842 and as recorded in the affidavit. Based on my determination all mitigation practices have been implemented. Keep in mind the mitigation practices are required in perpetuity.

My job with the county is to assist landowners in maintaining and enhancing their shoreline buffer zones. The following is not required, but would help improve your shoreline buffer:

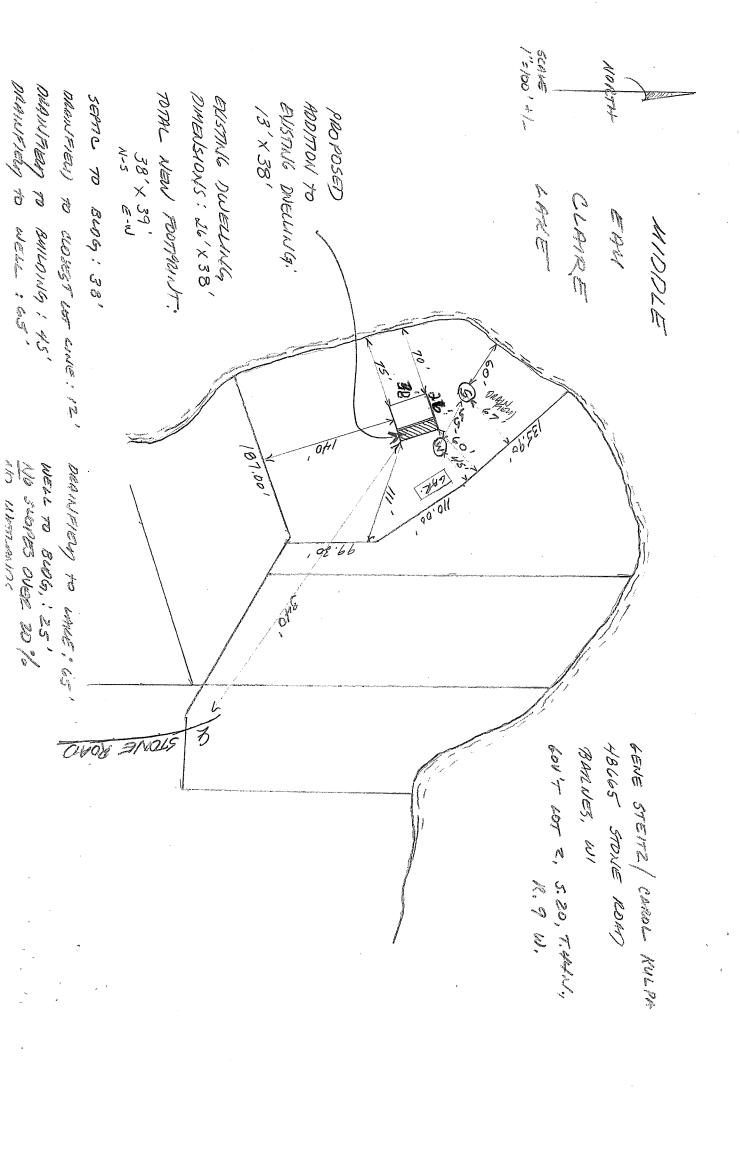

- 1. Remove the salt/mineral block to stop attracting deer. I know it is fun to see and watch deer, but as you know they heavily browse just about anything. The more you can do to discourage deer from visiting your property the healthier your shoreline will be.
- 2. Encourage development of the red pine and white pine understory by installing deer exclosures around the existing seedlings. You should consider having a few of the red pine cut to release the healthiest pine and allow some sunlight to reach the forest floor. This would help the white and red pine grow.
- 3. Do not cut the white birch along the lakeshore. They are beginning to die of old age and will fall into the lake. Fallen trees in the lake provide fantastic structure and habitat for fish and other aquatic creatures.

Let me know if you have any questions about your shoreline. You are doing a wonderful job protecting the scenic and water quality of Middle Eau Claire Lake. Keep up the good work.

Sincerely,

Jason Fischbach Shoreland Restoration Specialist ABDI-LCD

BAYFIELD COUNTY ZONING DEPARTMENT

Telephone: (715) 373-6138 Email: zoning@bayfieldcounty.org

FAX: (715) 373-0114

Bayfield County Courthouse Post Office Box 58 117 East Fifth Street WASHBURN, WISCONSIN 54891

October 27, 2003

Carol Kulpa Jean A Steitz 4272 Chanwil Avenue Memphis, TN 38117

Ms. Kulpa and Steitz,

On October 21, 2003 an on-site inspection of your property (tax ID# 004-1127-10) further described as 2 parcels of land in Government Lot 2, recorded in Volume 223, Page 190 of Deeds, and Lot A of CSM #776 in Volume 5, Page 204, located in Section 20, Township 44 North, Range 9 West, in the Town of Barnes, Bayfield County, Wisconsin, in conjunction with a Land Use Permit application you submitted for an addition to the existing principal structure on the property. The inspection revealed that the subject structure is deemed "non-conforming" as it is approximately 70 feet from the Ordinary High Water Mark (OHWM) of Middle Eau Claire Lake. Therefore it is necessary to meet the provisions of Section 13-1-40 of the Bayfield County Zoning Ordinance to allow the issuance of a Land Use Permit for an addition to the principal structure.

- 1. No record of the existing sanitary system or soils could be found in the Bayfield County Sanitary Records. Verification of the existing sanitary system and soils must be submitted to the Bayfield County Zoning Office. If the sanitary system or any component of the system is found to be failing the system or if the soils in which the system is located are found to be inadequate, the system must be upgraded in accordance with COM 83, Wisconsin Administrative Code, and the Bayfield County Sanitary Private Sewage Ordinance.
- 2. At the time of the inspection no erosion or stormwater run-off problems were identified.

Following is a proposed "Mitigation Plan" designed to meet the provisions of Section 13-1-40 (c) (5).

- 1. Maintenance of the existing vegetation from the OHWM of Middle Eau Claire Lake inland for a distance of 40 feet. 2-points.
- 2. No other non-conforming structures in the Shoreland Setback Area. 1-point.
- 3. Use of building materials and treatments that are inconspicuous and blend with the natural setting of the site. ½-point.

4. Compliance with the Shoreland Exterior Lighting requirements. ½-point.

If this proposed Mitigation Plan is acceptable, complete the enclosed affidavit and have it notarized. Then return the affidavit with a check for \$13 made payable to the Bayfield County Register of Deeds, PO Box 813, Washburn, WI 54891. Attach a copy of your Warranty/Quit Claim Deed with your property's full legal description. Be advised that the provisions of the Mitigation Plan are binding upon you and all future owners of the property.

You may make changes to the plan however any changes must be in writing and meet the standards of the ABDI Counties Land Conservation Department and the requirements of the Bayfield County Zoning Ordinance.

If you have any questions contact me at the above telephone number.

Thank you for your patience and cooperation,

Michael Furtak

Assisant Zoning Administrator
